MEMORANDUM FOR THE RECORD

4 June 1980

SUBJECT: Session CCC-98 Target Cuing Data

SG1A

SG1A

1. (S/NOFORN) This was #7's first session against [REDACTED] (Project 8003b). Previously, #7 had performed four Remote Viewing sessions against [REDACTED]

SG1A

[REDACTED] using a mix of cuing procedures (ref: sessions CC74, CC87, CCC13, and CCC15). During this session, #7 was provided only the following measured coordinates at end of the "cool down" period:

SG1A

SG1A

2. (S/NOFORN) This was #66's 13th session as interviewer against Project 8003. However, this was #66's first exposure to the above coordinates, since Project 8003b is a different geographical area than #66's previous 8003a involvement.

3. (C/NOFORN) An Intelligence Report in MFR format dated 23 May 1980 was provided the SED. Action Officer by LTC Watt on 28 May 1980.
